***Saturday June 23rd, 2018 – TRAINING**

CA Institute for Behavioral Health Solutions (CIBHS) presents:

Mental/Behavioral Health Board Training, 9:30am – 3:00pm (Sign-In and Coffee at 9:00am)

Additional training registration for the Saturday training is required through the CIBHS website.

In the morning, the training will provide 2 hours of discussion about the roles and responsibilities of mental/behavioral health board members, ethics and the Brown Act. The afternoon session, from 1:00-3:00 pm, will focus on Evaluation of Boards and Services. First, we will discuss evaluation of your board: the way meetings are conducted, the way your board works and the work that you accomplish. Secondly, we will discuss some aspects of reviewing or evaluating services provided to the clients of your mental/behavioral health board; evaluation of programs, evaluation of facilities, and client satisfaction with services/programs. Board members should come prepared with their questions about board membership and be ready for a great discussion.

***Registration for the Saturday Mental/Behavioral Health Board Training is facilitated separately by CA Institute for Behavioral Health Solutions (CIBHS) and CIBHS will also pay training-related lodging for one member per county/jurisdiction, but more are welcome!*
